😊 Legitimate Patients Speak ! It's *OUR* Turn ! 😊

Fed up with CRIMINAL greed driven unfit-to-take-a-dog's temp 'doctors' servicing their \$10MILLION++ !!! 'clinic' chain owner-PIMPS, freely peddling illegal back-room kick-back 'referred' groundless bogus quickie 'Pot Rx's' to every 'able bodied young male' with 'menstrual cramps' and a \$ at the ultimate parasitic expense of both YOUR and Medical Cannabis's credibility? Med Marijuana Law perverted into an open joke to the destruction of the greater movement throughout the US, Canada, Europe and More. With repeal of Montana's hard fought Medical Cannabis law now afoot in response to California 'mobile clinics' invading with their usual, isn't it time to **Stand UP** to these professional disgraces?! **CHALLENGE** these parasites at public mike! Enough of being a **2nd class citizen** for their CRIMINAL greed. **SOUND OFF !** It's YOUR Law !

RECENT NORTHERN CA SEWERAGE ANALYSIS :

A *whopping* ~2/3 ! (22 out of 36) 'Marijuana Doctor' clinics are **ILLEGALLY NOT** registered with the Medical Board! BOTH all these 'aiding and abetting' Physicians **and** their CRIMINAL PIMPS (&JDs!) involved in these '**UNLICENSED PRACTICE of MEDICINE**' scams face a 'strikes-counting' full 1 year in State PRISON, in addition to PERMANENT MD license REVOCATION. MDs stupidly facilitating fraudulent Med Board 'clinic' registrations face even MUCH worse, and need IMMEDIATE Med Board CRIMINAL Law assistance in turning proof-of-good-faith State's Evidence as their **ONLY** realistic hope of escaping prolonged State Prison themselves. The Board traditionally has taken a VERY aggressive & hostile view of these fraudulent medical scams, and indeed has implemented a MAJOR new special 'Operation Safe Medicine' pet project specifically to deal with these CRIMINALS. Penalties are currently being even more tightened (see Med Board Minutes). Clearly, they are not amused with 'stoner games' especially including hoax 'Management Company' joke ownerships. As per the Medical Board, if the 'management company' has ever or does advertise for clinic physician staffing (web, Craig's List, or wherever) or retains control/ownership of medical records/patient identities they are BY DEFINITION just a bogus CRIMINAL hoax. (See multiple official Board Physician Newsletters). Reality. Clearly, ALL Legitimate patients should immediately contact the Board for the status of their present or contemplated MD/clinic at [800-633-2322](tel:800-633-2322) , and initiate formal complaint against frauds to at least protect the next victim.

FURTHERMORE : **ONLY** a mere ~1/4 ! (12 out of 41) Northern CA Cannabis Physicians are even in token compliance with the Medical Board's published Medical Marijuana diagnosis confirmation requirements. ALL legally valid Cannabis recommendations MUST have supporting documentation to be able to withstand challenge in Court – either patient provides such; or MD orders appropriate tests, etc, themselves; or just sends the patient out for work-up; for **both** the physician and the patient to be in legal compliance. The rest is just sham legal protection by greed-driven life-destroying medical-legal fraud to maximize \$\$\$ for these **Social Parasites** of Legitimate Medical Marijuana.
